## The Discerners' Evaluations of the Retreat

**T**he discernment retreat was a great opportunity to listen for the voice of God, both in silence and through those of the Sisters and other retreatants. I feel less isolated because of this weekend.

**I**n the quiet and holiness of Emmitsburg and among the Daughters, it was easy for the Lord to inspire thoughts and reflections on discernment. It was a wonderful weekend and I would recommend it to anyone discerning consecrated life.

*Amanda*

**I** treasure these weekends as a way to spend time with other women in discernment and as an opportunity to meet God in ways that everyday life doesn't always allow.

*Whitney*

**I**t was a grace filled weekend of fellowship with fellow Sisters in Christ on the same path as yourself. It was a time of opening your souls to one another and revealing the treasure's within.
